

## 2026 Italy Bike Tours - Partner Rates and Conditions

Last updated 7 October, 2025

### HOW IT WORKS

- **For complete tour package details**, click on the tour webpage links in the chart below: inclusions, itinerary and tour descriptions, maps, photos and plenty of useful information for your customers.
- **Net prices to reseller partner** are listed below (net prices are based on a 20% commission on the retail tour package price).
- **Bike rental fee** (not included in the tour package price) is specified in the last columns (other bike types are also available, such as tandems, kids' trailers, kid's pull-bikes, and more – please click on the tour webpage links for more info on bikes).
- The bike rental fee, any additional or optional activities, tour customization fees and single supplement fees are not commissionable.

[Tour package terms and conditions](#) are published on our website (click link). Please note the following important terms and conditions:

- **Discounts** listed on our website may not be added or combined with the reseller commission.
- **Best start day of the week**: any changes to the start days listed below will incur a €250 fee per departure (€300 on Alpine Valleys and Dolomites tours), if the tour runs.
- **Changes and customizations**: If guests would like to remove or add days to an itinerary (where feasible), there may be a customization fee, plus any increases in tour costs for added nights at hotels and/or other inclusions.
- **Re-booking terms**: if we confirm availability after receiving the reseller partner's inquiry, and the booking is not subsequently made, in the case the reseller partner again returns to ask for availability for the same booking party, and the booking party does not proceed to confirm with a deposit payment for the second time, a re-booking fee of €100 per booking party will be applied (billed to the reseller partner).
- Any fees associated with a wire or bank transfer must be absorbed by the payer; if paying with credit card, we will add a 3% fee to the payer's invoice.
- If different payment terms are needed, please inquire.
  
- **Bike Rental insurance** is available at an affordable price. Although customers can purchase insurance upon delivery of bikes, we recommend it is purchased and paid for during the booking process. For prices and details, click on [the link to our Terms and Conditions page](#), and scroll down to the section Bike Rental Insurance.

If you need additional tour information, or if you have any questions, please contact [anna.dovadola@bikesplus.travel](mailto:anna.dovadola@bikesplus.travel) (Partner Relations)

**Self-guided tour inquiries and reservations:** To confirm availability and final pricing, email us at [tours@bikesplus.travel](mailto:tours@bikesplus.travel). Please provide traveler names (or a last name of booking party); departure dates; traveler heights and bike types; room requests; dietary and other needs. When BikesPlus confirms availability for a requested departure date, a deposit payment will be requested within a deadline date specified by the BikesPlus reservations team (depending on the season, this may vary from a few days to 2 weeks).
